

Gun Drilling Accessories

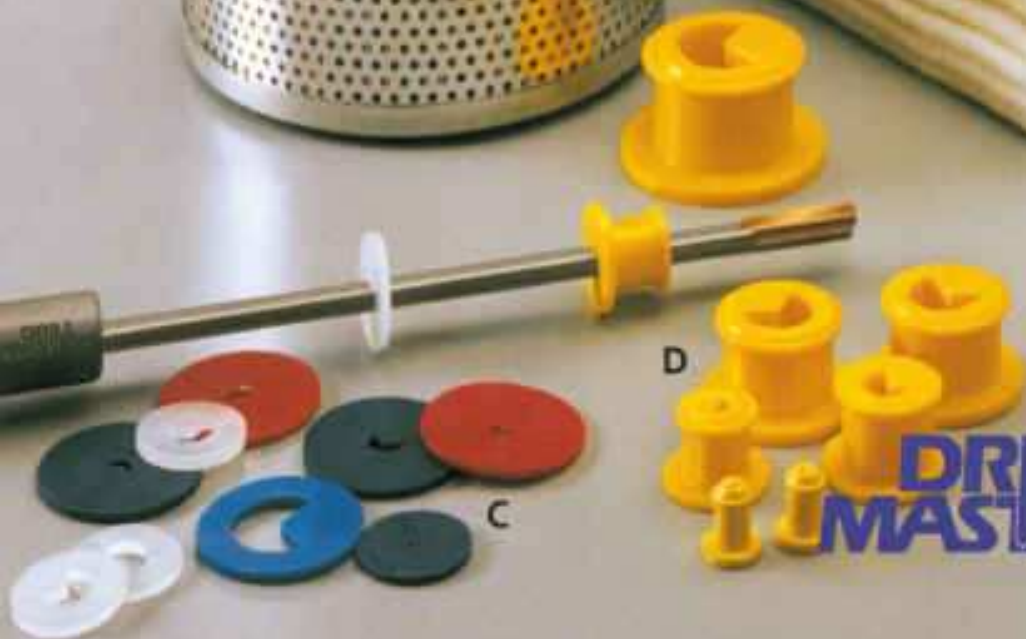

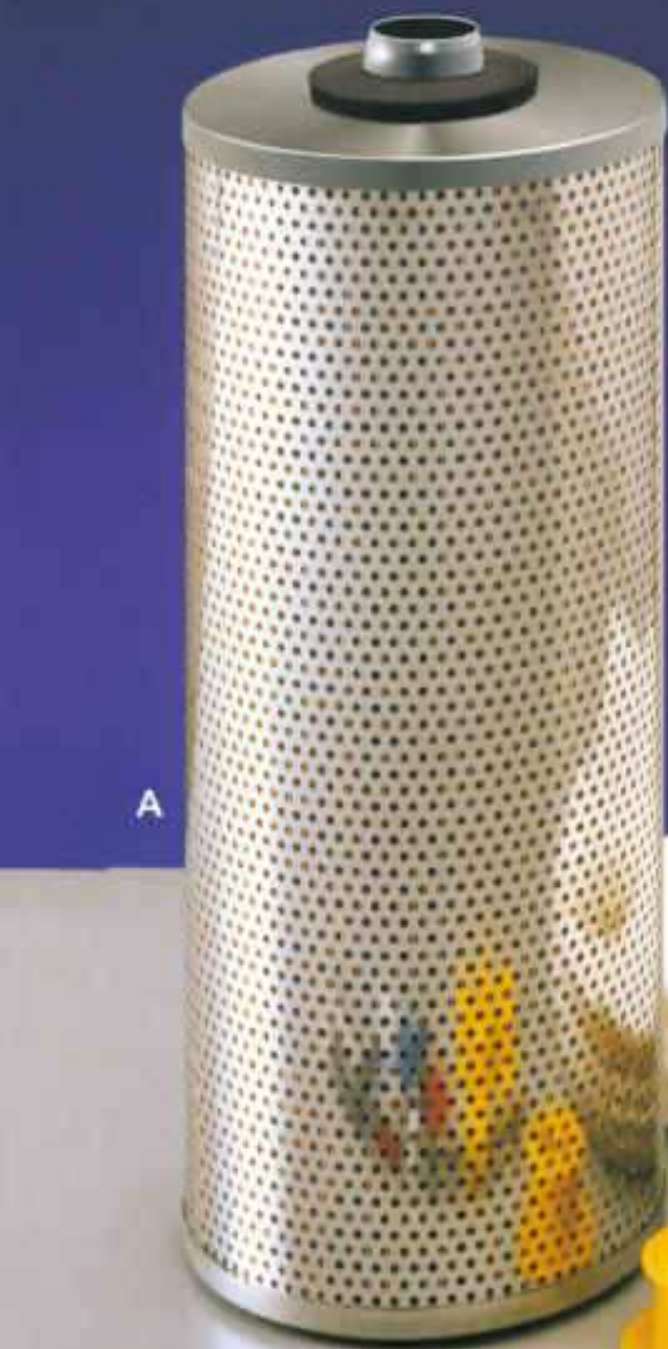

DrillMasters, Inc. is your source for quality gundrilling accessories. All items are in stock for immediate shipment.

A 15 and 5 micron filter elements for the Mega Flow Gundrilling systems. Removes particles too fine to be trapped by filter bags. (5" OD x 12 1/4" AOL x 3/4").

B Upper and lower filter bags for the Mega Flow Gundrilling systems. Traps larger chips and prevents them from returning into tank. Upper bag supplied with rope.

C Polypropylene, disposable gundrilling flippers in sizes ranging from .0937" to 1.500". Prevents oil and chips from flowing back through the chip box.

D Molded vinyl gundrilling liners in sizes ranging from .0625" to 1.000". Provides relief to drill whipping and bowing. Permits drills to run at higher speeds without vibration.
